Worth. Sale Price.

. \$35.00 \$22.50

It's nothing new in one way. We've held these sales for years. You look for them. All summer long we plan for the one to come in the fall. Yet these sales are always new. Bound to be. No matter how much you expect of them, the realization always comes as a surprise for we plan better than you look for.

We've visited factories everywhere—bought where we could buy right ("right" means in quality as well as price). We've taken entire stocks. We've gotten down to half the usual cost in more than one instance by doing that. Quantity purchasers are the makers' greatest temptations. How we've bought in quantity you can judge when you see every inch of this establishment occupied—and we have more room this year than ever before.

No goods bought at September sale prices will be exchanged. Here's part of the detail of our buying campaign:

The Jamestown Table Company retired from table manufacturing. We bought the entire stock of parlor and bed room tables and palm stands.

We contracted for \$12,000 worth of Brass Beds from one manufacturer—all the beds to be delivered before December 1.

The Luce Furniture Company—the biggest manufacturers of Sideboards and Bed Room Furniture in the world, dropped half their patterns to introduce two rew lines. We took that entire stock

of Furniture dropped at a price.

In Parlor Furniture we made quantity centracts. Bought all the frames in the factories and had them upholstered and covered to our order.

Nelson Matter high-grade case goods—the 18-karat furniture, also—figure in this sale. Goods they could close out way down, and have saved for us, as they do every year.

It makes an enormous sale collection of furniture, with opportunity inviting you from every side. Not one price that doesn't represent a saving of about 25%—while many go to 50%.

Mr. Littlefield, who was a familiar figure in the racing world, was the son of Charles Littlefield of Eatontown, and was born at Toronto, Canada. He was associated with his father in the racing business with the old firm of J. Boyle & Littlefield, which owned several fast racers. Mr. Littlefield for a number of years had charge of J. B. FORTUNES ON SAVABLE.

Estimated That Drake and His Friends Cleared Over \$400,000. A special from New York says that men

few of his select friends a total little less Clever Jockey and Trainer Passed than \$400,000. The exact amount is probably known only to John A. Drake, and as he is not much given to garrulity his secret will remain his own.

It is known, however, that the pool rooms Bright's disease, aged forty years. He had all over the country suffered severely under the onslaught made by betting commissioners. A fortune was wagered, and, as the odds varied from 10 to 1 to 20 to 1, the losses of the pool rooms and bookmakers were of necessity heavy.
What the victory of Savable meant can

be understood when a comprehensive glance is taken at the fortunes that were at stake. The following table is believed to be approximately correct.

proximately correct.

Share of purse won by Savable.

John A. Drake, in three bets of \$7,000 each at average odds of 15, 6 and 3, took from the Sheepshead betting ring.

Commissions placed by Kid Weller for the Drake-Gateg crowd at odds averaging 12, 5 and 2.

Public money taken in the Ullman-Weller 200k, in which John A. Drake is generally believed to have a controlling interest.

Won from the pool rooms all over the country.

This gives a total of \$395,400, which the owner of Savable and his friends placed to their credit. The estimate may be large, but there is more reason for believing that it is below the mark. Many of the book-makers at Sheepshead Bay beat all of the races of Saturday except the Futurity, and pet quit the day with the balance on the

wrong side of the sheet. This too, in spite of the very heavy commissions which pour-ed into the ring on the entries made by James R. Keene, August Belmont and the Whitney-Duryea stable and the great vol-ume of public money which was scattered in bets on nearly every Futurity contender except Savable.

Certain it is that never before was so much offered on a race as was sent at the bookmakers last Saturday. The general prosperity seemed to have sought a vent at

prosperity seemed to have sought a vent at the race track.

While the horses were at the post a representative of John W. Gates made the round of the betting ring and every book at the price then quoted, which was 8 to 1 at the price then quoted, which was 8 to 1 to win, 3 to 1 for the place, and 8 to 5 for the third position. It was then that the bookmakers realized that it only remained for Savable to win to complete the greatest coup ever attempted on the American turf.

BIOTING IN FLORENCE, ITALY. Troops Called Out to Quell Turbulent Strikers.

are parading the streets of Florence and its suburbs. Six thousand troops, in addition to a number of policemen and carbineers, have been concentrated in the city. Plenty of other soldiers are available should order be disturbed.

The summer exodus has left the town partially empty, and a number of other persons have left, fearing possible disorders. The government, which, according to its democratic program, has allowed the strikers complete liberty as long as order was maintained, has assumed a most energetic attitude since the strikers forced willing workmen to remain idle and comergetic attitude since the strikers forced willing workmen to remain idle and committed acts of vandalism, such as the cutting of gas pipes and attempts at incendiarism. The headquarters of the workmen are eccupied by the military authorities. All meetings and processions have been forbidden, and hundreds of suspected persons have been arrested. This course has averted disorder and has frustrated the efforts of the anarchist and socialist element to profit by the strike to foment trouble.

The populace condemns the strike as out of all proportions to the small question infor Saratoga and the Adirondack moun-

It is estimated that 40,000 men are idle in Florence. The municipal newspapers have ceased to appear as a result of the strike.

Certain workmen who were repairing the belfry of the English Church on Minchili street refused to join the strike. The strikers thereupon threw petroleum over the board fence surrounding the building and set it on fire. The flames were extinguished before serious damage resulted.
